

# Ried Weinzierlberg

The name stands for a large terrace above the city and was first mentioned 1112. It is influenced by parts of loess, gravel and rocky soil. This type of soil gives the wine vibrancy and tension. The appellation's climate is dominated by the hot Pannonian air and the south exposition.

**SIZE**  
9 hectares

**ALTITUDE**  
220 – 250 m

**GRADIENT**  
4°

**ORIENTATION**  
West-East
