KREMSTAL_{DAC}
Grüner Veltliner 2022

From the top of this high hill the citizens of Kreams were warned of approaching enemies during historical times (Wachtberg can be roughly translated as 'Lookout Mountain'). The extensive southeast-facing terraces of the Wachtberg vineyard site reach up to 400 meters above sea level. Due to that, Grüner Veltliner grapes ripen at high altitudes above average late and ensure a cool climate Character.

Weingut Stadt Kreams

As one of the oldest wine estates of Austria, the Weingut Stadt Kreams can be described as rich in tradition with good reason. The historical roots can be traced back to the year 1210. The city of Kreams has owned vineyards since 1452.

The traditional varieties Grüner Veltliner and Riesling grow on a total of 40 hectares of vineyards. Authentic wines with precise varietal styles are the declared goal of Fritz Miesbauer, who has been managing the winery since 2003.
