

2025 Kremstal Grüner Veltliner

Origin	Appellation	Kremstal DAC
	Village	-
	Cru	-
	Terroir	Loess, Danube gravel, Gneis
Description	There are diverse geological and climatic zones in the Kremstal. This Grüner Veltliner allows this mix of different terroirs to merge. It is characterized by the cold winds of the Waldviertel and the warm air of the Pannonian Plain. This is where the tension of the geological mix that prevails in the Kremstal, can be found.	
	2025 – “cool” wines with vibrant acidity and pure terroir character. After a mild winter, vegetation in the Kremstal region began with bud break in mid-April. A period of changeable weather until flowering (second week of June) was followed by a heat wave. The summer months were accompanied by ideal rainfall. Cool nights, especially from mid-August onwards, characterized the ripening phase. Unsettled weather made the harvest, which began in the third week of September, a test of patience requiring several passes.	

Winemaking	Fermentation	Stainless steel at 18 °C
	Ageing	Stainless steel, 3 months on fine lees
	Suited for Vegans
