

2025 Kremstal Riesling Steinterrassen

Origin	Appellation	Kremstal DAC
	Village	-
	Cru	-
	Terroir	Gföhler Gneis, Danube gravel, Loess
Description	<p>There are diverse geological and climatic zones in the Kremstal. This Riesling allows this mix of different terroirs to merge. It is characterized by the cold winds of the Waldviertel and the warm air of the Pannonian Plain. Here you will find the tension of the steep stone terraces that surround Krems and Stein an der Donau.</p>	
	<p>2025 – “cool” wines with vibrant acidity and pure terroir character. After a mild winter, vegetation in the Kremstal region began with bud break in mid-April. A period of changeable weather until flowering (second week of June) was followed by a heat wave. The summer months were accompanied by ideal rainfall. Cool nights, especially from mid-August onwards, characterized the ripening phase. Unsettled weather made the harvest, which began in the third week of September, a test of patience requiring several passes.</p>
