## Ried **WEINZIERLBERG**

Kremstal DAC  
Grüner Veltliner 2020

### Origin & Vinification

This high terrace became the "mount of the winegrowers" and was already mentioned in 1112.

The soil consists of a 1 meter loess layer and the geological subsoil is characterized by gravel. The Weinzierlberg is a foothill of the Bohemian mass and therefore crystalline Paragneiss is found deep underground. The climate is determined by the strong influence of the Pannonian climate. This harmonious Grüner Veltliner thrives with perfect harmony on this plateau in the middle of the city. The winery cultivates 6.62 ha of vineyards here.

At the beginning of October 2020, Veltliner grapes were selectively harvested by hand from the Weinzierlberg. The expansion on the fine yeast in the stainless steel tank took until January 2021.

### Food pairing recommendation

Grüner Veltliner is a perfect match for Austrian cuisine, but also matches delicately with spicy far eastern dishes. Especially, we recommend this wine to starters, fried and Asian dishes.
