Description	<p>Krems is not only the namesake of the most important wine town in Lower Austria, but also a classified village appellation and the centre of the Kremstal region. Hills shaped by loess characterize not only the landscape but also the wines, which are defined by an animating piquancy and juicy, elegant apple fruit.</p>	
	<p>2025 – “cool” wines with vibrant acidity and pure terroir character. After a mild winter, vegetation in the Kremstal region began with bud break in mid-April. A period of changeable weather until flowering (second week of June) was followed by a heat wave. The summer months were accompanied by ideal rainfall. Cool nights, especially from mid-August onwards, characterized the ripening phase. Unsettled weather made the harvest, which began in the third week of September, a test of patience requiring several passes.</p>
