|             | Terroir                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       | Gneis, Loess                   |
| Description | <p>The Lindberg is a small Subriede (climat) of the Wachtberg, which is located directly above our winery - the heart, so to speak. It is a lower area of the Wachtberg, which is terraced more steeply and forms a wind-protected basin. Overall, this results in a warmer and more powerful character in the wine. Above all, the wines from the Lindberg manifest their geological origins, which are shaped by the Gföhl gneiss, thanks to their salty and smoky nuances.</p>                                                             |                                |
|             | <p>2025 – “cool” wines with vibrant acidity and pure terroir character. After a mild winter, vegetation in the Kremstal region began with bud break in mid-April. A period of changeable weather until flowering (second week of June) was followed by a heat wave. The summer months were accompanied by ideal rainfall. Cool nights, especially from mid-August onwards, characterized the ripening phase. Unsettled weather made the harvest, which began in the third week of September, a test of patience requiring several passes.</p> |                                |

|            |                      |                                                                                                                       |
