STEIN

Kremstal DAC
Grüner Veltliner 2019

Origin & Vinification

The terroir of Stein is a fertile soil for Grüner Veltliner. Only the best selection of the terraced slopes behind the old town of Steiner is processed for this Grüner Veltliner. The Ried Altenburg, the Ried Goldberg and the Ried Grillenparz have emerged as particularly noble.

The mix of weathered rocks makes up the minerality of this wine. Mica, slate amphibolite, paragneiss and Gföhler gneiss are rich in minerals. Grüner Veltliner copes particularly well with the humus-poor soils and has the enormous power to root through this nutrient-rich rock.

Climatic is particularly influenced by the Danube Valley and its air masses. The terraced slopes receive a lot of sunlight and the stony ground gives the vines a lot of warmth.

Grüner Veltliner Stein was harvested by hand in September 2019. After the destemming, the berries were macerated on the skins and then gently pressed. After fermentation in the stainless steel tank, the wine was aged on the lees until it was bottled in May 2020.

Food pairing recommendation

Grüner Veltliner is a perfect match for Austrian cuisine, but also matches delicately with spicy far eastern dishes. Especially, we recommend this wine to starters, fried and Asian dishes.

Weingut Stadt Kreams

With over 550 years of history, Weingut Stadt Kreams is one of the oldest wine-producers in Austria, and even of Europe. Since July 2003 Weingut Stadt Kreams is managed by a young, innovative team directed by Fritz Miesbauer. The signature grape varieties of Weingut Stadt Kreams are Riesling and Grüner Veltliner (over 90 %). Weingut Stadt Kreams cultivates 42 hectares of vineyards of its own property, which are exclusively on the best terraced locations of the city of Kreams.
