

2024 Schreck 1^{OTW} Riesling

Origin	Appellation	Kremstal DAC
	Village	Stein
	Cru	Ried Schreck 1 ^{OTW}
	Terroir	Slate, Amphibolite, Crystalline rocks
Description	<p>One of the steepest cultivated vineyards in the Danube region with a breathtaking view of Krems and Göttweig. The Middle High German word "schric" denoted a crack. A reference to this striking cut in the landscape. The topsoil is extremely poor and therefore made for mineral Rieslings.</p>	
	<p>2024 - charming wines with good ripeness and round acidity. The weather was very much influenced by climate change. The bud break happened at the End of March, a month earlier than average. The four frosty nights in the third week of April slowed growth, but also caused significant losses in volume. Consistently warm temperatures and a good water supply ensured rapid ripening. The harvest started at the End of August. In mid-September, huge amounts of rain interrupted the harvest, which ended at the beginning of October.</p>
